HAFIZ MUHAMMAD ZAIGHAM LATIF

Industrial Engineering & Data Analytics Professional | Textile & Apparel Manufacturing
Lahore, Pakistan | +92-321-2095794 | hafizzaigham9@gmail.com
Portfolio: zaigham05.github.io/Portfolio | LinkedIn

PROFESSIONAL SUMMARY

Industrial Engineering and Data Analytics professional with 7+ years in textile and apparel manufacturing (since November 2018), progressing from Computer Operator to Senior Officer. Combines shop-floor process optimization (SAM validation, costing, wage structures, hanger lines) with business intelligence, building Power BI reporting that gives senior management real-time visibility into KPIs, cost per piece and operational risk. Proven record of cutting voucher discrepancies, reducing reporting effort and moving manual spreadsheet processes to ERP- and RFID-integrated reporting.

CORE COMPETENCIES

Industrial Engineering: Work Study, SAM Validation & Costing, Operation Breakdown, Wage & Rate Structures, Production Planning, Cut-to-Pack Costing

Data & BI: Power BI, Power Query, Power Apps, Power Automate, Power Pages, Advanced Excel (Macros), Presentations; SQL (self-learning)

Process & Systems: ERP Integration, RFID Workflow Tracking, Hanger Line Management, KPI & Risk Reporting, Continuous Improvement

Policy & Decision Support: Policy Drafting & Amendment, Document Summarization, Decision-Making Sheets, Data Visualization, Analysis

PROFESSIONAL EXPERIENCE

Senior Officer | Combined Fabrics Limited, Lahore *Oct 2023 - Present*

- Prepare cut-to-pack actual vs. tentative costing for buyer submissions and develop company portfolio presentations for new buyers.
- Calculate and monitor Cost per Product (CPP); analyze overtime trends and direct vs. indirect labor ratios to optimize manpower allocation.
- Monitor overtime across the garment division (3,500+ employees) since 2023: review reasons, obtain Director approval, hand over to HR and follow up until posted in the system, and work with seniors to stop overtime above policy.
- Lead a team of 3 (Rate Team, past year) validating rates for 800 to 1,200 unique operations monthly; conduct SAM validations and administer rate lists covering 4,200+ operations; assign rates by skill level and define rates for new sewing operations.
- Standardized operation names, rates and remarks so the system auto-fills the rate on operation selection, cutting voucher discrepancies by 40% versus total volume (previously manual rate entry).
- Built and maintain the Hanger Line Power BI dashboard for management, cutting manual reporting by 12 hours per week and improving KPI visibility.
- Consolidated scattered cost data into a single-page four-year cost analysis (CPP) dashboard and two management presentations, speeding up decisions.
- Oversee the end-to-end wage process, monitor production deficits and validate sewing operations against buyer and sample requirements; lead weekly and monthly risk analysis meetings.

Officer | Combined Fabrics Limited, Lahore *Jul 2022 - Sep 2023*

- Delivered analytical presentations to senior management supporting business development and buyer negotiations.
- Split 19 automated hanger lines and built 4 new lines from surplus stations, raising station utilization from 63% to 96% with the same resources.
- Implemented and calibrated new Hanger Line structures, improving workflow efficiency by 40%.

Work Study Officer | Combined Fabrics Limited, Lahore *Jun 2021 - Jun 2022*

- Created standardized Excel reports and cut-to-pack/services cost analyses, improving data accuracy across departments.
- Worked with ERP teams to develop operational reports feeding production and services KPIs; established KPI frameworks for both.

IE Officer | Firhaj Footwear, Lahore *Nov 2020 - May 2021*

- Developed Operational Bulletins (OBs) for current and upcoming styles; performed cost-per-minute analysis and verified SAM calculations against workforce capacity.
- Analyzed production reports to identify gaps and apply corrective actions, improving on-target output by 15%.

Computer Operator | Combined Fabrics Limited, Lahore *Nov 2018 - Oct 2020*

- Managed INA Hanger System operations, diagnosing line issues quickly to maximize output and minimize downtime.
- Verified barcode scans and processed operator payments accurately for error-free wage disbursement.

ADDITIONAL EXPERIENCE

Independent Consultant | International client (name withheld) *2025 - Present*

- Draft new policies and amend existing ones for an international client.
- Summarize PCS documents into clear briefs that management can act on.
- Build visualizations and decision-making sheets that support management decisions.
- Carry out day-to-day analysis tasks and reporting as the client's needs change.

KEY PROJECTS & INITIATIVES

- **Built a** web dashboard for real-time Hanger Line performance, adopted across 22 production lines.
- **Standardized** workforce reporting formats and introduced a coding system, cutting reconciliation time by 20%.
- **Introduced** skill-level rate structures and punctuality allowances for piece-rate operators who used to arrive at will, improving on-time attendance by 80% and reducing absences.

CERTIFICATIONS

- **Microsoft Excel:** Excel Macros and VBA; Excel Tips and Tricks (7 Projects)
- **Power Platform and Presentations:** Fundamental Course of Microsoft Power Platform (101 Level); How to Create a Professional Presentation in PowerPoint
- **IT and Networking:** Cisco Introduction to Cybersecurity (Credly); Practical Cisco Networking Labs in Packet Tracer; IP Addressing and Subnetting; Domain Names and Web Hosting; Introduction to Quantum Computing
- **Design and Media:** Adobe Photoshop CC (Basic and Photo Editing); Adobe Lightroom; Adobe Animate

Verification links for all certificates: zaigham05.github.io/Portfolio

EDUCATION

- BS, Information Technology (in progress) - Virtual University of Pakistan, 2025-2029
- Diploma of Associate Engineer (DAE), Electrical - Punjab Board of Technology & Management
- Matriculation (Science) - Board of Intermediate & Secondary Education, Lahore

TRAINING & LANGUAGES

- Delivered in-person Excel training to nearly 500 employees across departments at Combined Fabrics Limited.
- **Languages:** Urdu, English, Punjabi.
